Work Schedule – begin date _____ end date _____

Pedestrian Protection – The work of demolishing any building shall not be commenced until pedestrian protection is in place as required. See the IBC, Section 3306.

Vacant Lot – Where a structure has been demolished or removed, the vacant lot shall be filled and maintained to the existing grade or in accordance with the ordinances of the jurisdiction having authority.

Water accumulation – Provisions shall be made to prevent the accumulation of water or damage to any foundations on the premises or the adjoining property.

Applicant's Signature _____

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other federal, state or local law regulating construction or the performance of construction.

- INSPECTIONS REQUIRED:**
1. Pre-demo inspection after permit is issued, before work has started
 2. Final inspection once the final grade has been completed.
